## **Overall Length:**

0.115 inches

# **Overall Height:**

0.080 inches

# **Overall Width:**

0.110 inches

## Inclosure Type:

Partially enclosed

## **Mounting Method:**

Terminal single group

# **Rating Method:**

Electrical single component single winding

#### **Product Name:**

Chip inductor-1008cs serie (2520)

#### **Special Features:**

Core material: ceramic

# Terminal Type And Quantity:

2 bonding pad

#### Shelf Life:

N/a

## Unit Of Measure:

---

# Demilitarization:

No

## Fiig:

A058b0
