Overall Length:

0.115 inches

Overall Height:

0.080 inches

Overall Width:

0.110 inches

Inclosure Type:

Partially enclosed

Mounting Method:

Terminal single group

Rating Method:

Electrical single component single winding

Product Name:

Chip inductor-108cs serie (2520)

Special Features:

Core material: ceramic

Terminal Type And Quantity:

2 bonding pad

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
