Overall Length:
0.115 inches

Overall Height:
0.080 inches

Overall Width:
0.110 inches

Inclosure Type:
Partially enclosed

Mounting Method:
Terminal single group

Rating Method:

Electrical single component single winding

Product Name:

Chip incuctor-108cs serie (2520)

Special Features:

Core material: ceramic; color: blue

Terminal Type And Quantity:

2 bonding pad

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A058b0
