**Overall Length:**

0.115 inches

**Overall Height:**

0.080 inches

**Overall Width:**

0.110 inches

**Inclosure Type:**

Partially enclosed

**Mounting Method:**

Terminal single group

**Rating Method:**

Electrical single component single winding

**Product Name:**

Chip inductor-108cs serie (2520)

**Special Features:**

Core material: ceramic; color: blue

**Terminal Type And Quantity:**

2 bonding pad

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A058b0
