Overall Length:

19.25 inches

Overall Height:

10.34 inches

Overall Width:

7.50 inches

Inclosure Type:

Fully enclosed

Product Name:

Inductor 4th pole

Special Features:

Inductance: 10 percent; current rating: 175 arms; fundament frequency: 180hz; weight: 135 lbs. Insulation system is ul/csa recognized for 200 degree celcius, ctm n3; hitpot 3500vac@ 60hz 3 seconds; sheetmetal galvanized steel per astm a653 g90; cooling coil is 3/8 in copper; 45 degree celcius input temperature.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
