**Body Length:**

3.20 millimeters

**Body Width:**

2.49 millimeters

**Body Height:**

2.21 millimeters

**End Application:**

Radar transponder

**Winding Quantity:**

1 single component

**Inclosure Type:**

Fully enclosed

**Rating Method:**

Electrical single component single winding

**Product Name:**

Coil, electrical

**Terminal Type And Quantity:**

2 bonding pad

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
