**Overall Length:**

0.090 inches

**Overall Width:**

0.068 inches

**Overall Diameter:**

0.020 inches

**Product Name:**

Chip inductors - 0805cs series (2012)

**Special Features:**

Average current for a 15 degrees c rise above 250 degrees c ambient; terminations: silver-palladium-platinum; 8mm tape width; inductance 120 @ 150 mhz; q min: 50 @ 250 mhz, color - green; tolerance j = 5 %; dcr maximum (ohms) 0.51; srf type 1100; operating temperature range minus 40 to 125 degrees c; electrical specification at 250 degrees c

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A058b0
