Overall Length:
0.090 inches
Overall Width:
0.068 inches
Overall Diameter:
0.020 inches
Product Name:
Chip inductors - 0805cs series (2012)
Special Features:
Average current for a 15 degrees c rise above 250 degrees c ambient; terminations: silver-palladium-platinum; 8mm tape width;
inductance 120 @ 150 mhz; q min: 50 @ 250 mhz, color - green; tolerance j = 5 %; dcr maximum (ohms) 0.51; srf type 1100; operating
temperature range minus 40 to 125 degrees c; electrical specification at 250 degrees c
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A058b0
