Overall Height:

13.000 inches

Overall Width:

5.500 inches

Frequency Rating:

50.0 hertz and 60.0 hertz all components

Inclosure Type:

Fully enclosed

Product Name:

Dry type distribution transformersingle phase

Special Features:

Primary voltage 190/200/208/220 x380/400/416/440; secondary voltage 120/240; copper lead wire terminations; ul listed, csa certified; wall mounted; depth is 5.130 inches

Terminal Type And Quantity:

1 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A058b0
