**Overall Length:**

11.375 inches

**Overall Height:**

1.375 inches

**Overall Width:**

3.250 inches

**End Application:**

Multiplexer Id-1

**Component Type And Quantity:**

5 capacitor and 1 inductor and 1 printed wiring board and 9 resistor

**Special Features:**

Supplies 12 khz carrier freq to channel transmitter

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A51110
