Overall Length:

11.375 inches

Overall Height:

1.375 inches

Overall Width:

3.250 inches

End Application:

Multiplexer Id-1

Component Type And Quantity:

5 capacitor and 1 inductor and 1 printed wiring board and 9 resistor

Special Features:

Supplies 12 khz carrier freq to channel transmitter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
