Overall Length:

3.250 inches

Overall Height:

2.250 inches

Overall Width:

1.250 inches

Special Features:

Nsolid state; 345.000 mhz nom input per channel; continuous freq adjustment; 3.008 w o/p per channel; external dc operating voltage 22.0 v nom; connection type integral cable w/power plug on top; encased; dustproof

Supplementary Features:

End item: transmitter assembly, radio navigation, airborne

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A32200
