|---------------------------------------------------------------|
| Overall Length:                                               |
| Between 0.978 inches and 1.023 inches                         |
| Terminal Length:                                              |
| Between 0.223 inches and 0.248 inches                         |
| Overall Width:                                                |
| Between 0.745 inches and 0.750 inches                         |
| Body Length:                                                  |
| Between 0.755 inches and 0.775 inches                         |
| Overall Thickness:                                            |
| Between 0.338 inches and 0.343 inches                         |
| Terminal Diameter:                                            |
| Between 0.048 inches and 0.052 inches                         |
| Mode Of Oscillation:                                          |
| Third overtone                                                |
| Specified Frequency:                                          |
| 40.037 megahertz                                              |
| Operating Tempurature Range:                                  |
| -55.0/+90.0 degrees celsius                                   |
| Center To Center Distance Between Terminals:                  |
| 0.478 mils and 0.494 centimeters                              |
| Frequency Tolerance For Operating Tempurature In Percent:     |
| -0.005/+0.005                                                 |
| Style Designator:                                             |
| Oval body, pin terminals                                      |
| Shelf Life:                                                   |
| N/a                                                           |
| Unit Of Measure:                                              |
|                                                               |
