**Overall Length:**

0.434 inches

**Overall Height:**

0.190 inches

**Overall Width:**

0.241 inches

**Unthreaded Mounting Hole Diameter:**

0.070 inches single mounting facility

**Accommodated Item Securing Device Type:**

Friction fastener

**Mounting Facility Type And Quantity:**

1 unthreaded hole single mounting facility

**Material:**

Copper alloy

**Material Specification:**

Qq-b-746, comp a federal specification single material response

**Surface Treatment:**

Cadmium

**Surface Treatment Specification:**

Qq-p-416, type 1, class 1 federal specification single treatment response

**Style Designator:**

Irregular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A062a0
