Overall Length:

8.860 inches

Overall Height:

0.920 inches

Overall Width:

7.170 inches

Component Type And Quantity:

1 cable and 8 capacitor and 1 connector and 1 cover and 1 handle and 1 housing and 2 jack

Special Features:

Major components: circuit card assembly 1; mounting method: rack

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
