End Application:

An/apq-161

Special Features:

Solid state; frequency 49.266 megahertz; manual operating; life 2000.0 hours; operating temp -55.0-105.0 degrees celsius; dc 5.0 single voltage; pluginmodule; hermetically sealed; length 0.887 inches; height 0.200 inches; width0.520 inches

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
