End Application:

Pacer special

Criticality Code Justification:

Feat

Component Type And Quantity:

1 oscillator and 2 cable and 4 capacitor and 1 connector and 1 diode and 1 transistor and 8 screw and 1 cover and 1 plug and 1 resonator and 1 label and 1 adhesive

Special Features:

Critical application & esd sensitive

Nuclear Hardness Critical Feature:

Hardened

Precious Material And Location:

External surfaces gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A5110
