Electron Tube - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5960-00-682-8864

| Features Provided: |
|--|
| Radioactive material |
| Special Features: |
| Envelope material: metal; mfg. Class: tr tube contains the radioactive element cobalt 60 whose activity is 0, 7 micro ci maximum |
| (equivalent to 25, 9 kbq) |
| Specification Data: |
| 80131-release 1931 professional/industrial association specification |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| |
| Demilitarization: |
| No |
| Fiig: |
| A516k0 |
