Inside Diameter:

3.187 inches

Overall Length:

3.740 inches

Overall Height:

0.660 inches

Overall Width:

3.740 inches

Unthreaded Mounting Hole Diameter:

0.190 inches all mounting facilities

Distance Between Mounting Facility Centers:

2.800 inches all mounting facilities all center groupings

Distance From Mounting Surface To Locking Device:

0.265 inches

Mounting Facility Type And Quantity:

4 unthreaded hole all mounting facilities

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Style Designator:

Cylindrical w/locking device

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A062a0
