Overall Length:

1.530 inches

Overall Height:

0.410 inches

Overall Width:

1.000 inches

Internal Configuration:

Junction contact

Electrode Internally-electrically Connected To Case:

Collector

Features Provided:

Hermetically sealed case

Semiconductor Material:

Germanium

Special Features:

Junction pattern arrangement: pnp

Terminal Type And Quantity:

2 pin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
