| Overall Diameter:                                 |
|---|
| 0.105 inches                                      |
| Features Provided:                                |
| Hermetically sealed case                          |
| Semiconductor Material:                           |
| Germanium   |
| Special Test Features:                            |
| Navord od41152                                    |
| Terminal Type And Quantity:                       |
| 2 uninsulated wire lead                           |
| Reference Number Differentiating Characteristics: |
| As differentiated by special test features        |
| Shelf Life:                                       |
| N/a   |
| Unit Of Measure:                                  |
|   |
| Demilitarization:                                 |
| Yes - demil/mli                                   |
