Overall Height:

0.520 inches

Overall Diameter:

1.250 inches

Internal Configuration:

Junction contact

Electrode Internally-electrically Connected To Case:

Collector

Internal Junction Configuration:

Npn

Features Provided:

Hermetically sealed case

Semiconductor Material:

Silicon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
