Overall Height:

0.450 inches

Features Provided:

Hermetically sealed case

Overall Width Across Flats:

Between 0.667 inches and 0.687 inches

Semiconductor Material:

Silicon

Reference Number Differentiating Characteristics:

As differentiated by addition of 10.000 in. Lg insulated wire to lug terminal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A110a0
