**Overall Height:**

0.360 inches

**Overall Diameter:**

0.625 inches

**Internal Configuration:**

Junction contact

**Electrode Internally-electrically Connected To Case:**

Base

**Features Provided:**

Hermetically sealed case

**Semiconductor Material:**

Germanium

**Special Features:**

Junction pattern arrangement: pnp

**Terminal Type And Quantity:**

3 tab, solder lug

**Reference Number Differentiating Characteristics:**

Navord od36190

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A110a0
