Overall Length:

0.200 inches

Overall Height:

0.200 inches

Overall Width:

0.600 inches

Operating Temperature Range:

-50.0/+150.0 degrees celsius

Circuit Connection Style Designator:

Bridge 1 phase

Mounting Method:

Unthreaded hole

Special Features:

Inclosed epoxy resin case; grounded terminal not included; mounting hole for 6-32 bolt; 100 volts rms and 6amps dc

Material:

Plastic epoxy

Terminal Type And Quantity:

4 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503h0
