| Inclosure Material:  |                            |
| Metal  |                            |
| Overall Length:  |                            |
| 0.210 inches   |                            |
| Terminal Length:   |                            |
| 0.500 inches   |                            |
| Overall Diameter:  |                            |
| 0.230 inches   |                            |
| Internal Configuration:  |                            |
| Junction contact   |                            |
| Electrode Internally-electrically Connected To Case:   |                            |
| Collector  |                            |
| Mounting Method:   |                            |
| Terminal   |                            |
| Terminal Circle Diameter:  |                            |
| 0.100 inches   |                            |
| Features Provided:   |                            |
| Hermetically sealed case   |                            |
| Semiconductor Material:  |                            |
| Silicon  |                            |
| Voltage Rating In Volts Per Characteristic:  |                            |
| 80.0 breakdown voltage, collector-to-base, emitter open and 80.0 breakdown voltage, collector-to-emitter, ba | ase open and 5.0 breakdown |
| voltage, emitter-to-base, collector open   |                            |
| Current Rating Per Characteristic:   |                            |
| 1.00 amperes source cutoff current   |                            |
| Power Rating Per Characteristic:   |                            |
| 500.0 milliwatts small-signal input power, common-collector  |                            |
| Maximum Operating Tempurature Per Measurement Point:   |                            |
| 200.0 degrees celsius junction   |                            |
| Special Features:  |                            |
| Junction pattern arrangement: pnp  |                            |
| Terminal Type And Quantity:  |                            |
| 3 uninsulated wire lead  |                            |
| Specification Data:  |                            |
| 80131-release5174 professional/industrial association specification  |                            |
| Shelf Life:  |                            |
| N/a  |                            |
| Unit Of Measure:   |                            |
|  |                            |
| Demilitarization:  |                            |
| No   |                            |
| Fiig:  |                            |
