Overall Length:

2.400 inches

Overall Diameter:

0.829 inches

Input Terminal Type:

Coaxial cable

Output Terminal Type:

Coaxial cable

Coaxial Connector Series Designation:

Bnc

Operating Frequency:

Between 200.0 megahertz and 4000.0 megahertz

Input Contact Type:

Female

Output Coaxial Connection Series Designation:

N

Output Contact Type:

Male

Precious Material And Location:

External surface silver

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T386-h
