Special Features:

Single-phase full-wave bridge, four diodes interconnected in a molded plastic encapsulated case; 1.265 in. Maximum dia; 0.843 in. Maximum h; eight tube pin type terminal and center guide pin, 4.0 amp dc output current at 55 degrees c, 100v peak reverse voltage per cell

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
