Overall Length:

0.500 inches

Overall Height:

0.237 inches

Overall Width:

0.433 inches

Unthreaded Mounting Hole Diameter:

0.113 inches single mounting facility

Accommodated Item Securing Device Type:

Friction fastener

Mounting Facility Type And Quantity:

1 unthreaded hole single mounting facility

Material:

Copper alloy 170

Material Specification:

Qq-c-533 federal specification single material response

Surface Treatment:

Cadmium

Style Designator:

Irregular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A062a0
