**Overall Length:**

0.500 inches

**Overall Height:**

0.237 inches

**Overall Width:**

0.433 inches

**Unthreaded Mounting Hole Diameter:**

0.113 inches single mounting facility

**Accommodated Item Securing Device Type:**

Friction fastener

**Mounting Facility Type And Quantity:**

1 unthreaded hole single mounting facility

**Material:**

Copper alloy 170

**Material Specification:**

Qq-c-533 federal specification single material response

**Surface Treatment:**

Cadmium

**Style Designator:**

Irregular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A062a0
