Overall Length:

0.750 inches

Overall Height:

0.250 inches

Overall Width:

0.500 inches

Operating Temperature Range:

+0.0/+65.0 degrees celsius

Special Features:

Environmental protection: corrosion and moisture; inclosure feature: plastic case

Material:

Silicon

Terminal Type And Quantity:

4 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503h0
