Overall Length:

0.433 inches

Overall Diameter:

0.230 inches

Unthreaded Mounting Hole Diameter:

0.092 inches single mounting facility

Accommodated Item Securing Device Type:

Friction fastener

Mounting Facility Type And Quantity:

1 unthreaded hole single mounting facility

Material:

Aluminum alloy

Surface Treatment:

Anodize

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A062a0
