Overall Length:

0.335 inches

Overall Height:

0.330 inches

Overall Width:

0.153 inches

Unthreaded Mounting Hole Diameter:

0.067 inches single mounting facility

Accommodated Item Securing Device Type:

Friction fastener

Mounting Facility Type And Quantity:

2 unthreaded hole single mounting facility

Material:

Copper alloy 170

Material Specification:

Qq-c-533 federal specification single material response

Precious Material:

Silver

Surface Treatment:

Silver

Style Designator:

Rectangular prism

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A062a0
