| Overall Height:                                       |
| Between 0.240 inches and 0.260 inches                 |
| Overall Diameter:                                     |
| Between 0.335 inches and 0.370 inches                 |
| Internal Configuration:                               |
| Junction contact                                      |
| Electrode Internally-electrically Connected To Case:  |
| Collector   |
| Semiconductor Material:                               |
| Silicon   |
| Special Features:                                     |
| Junction pattern arrangement: npn                     |
| Terminal Type And Quantity:                           |
| 3 uninsulated wire lead                               |
| Shelf Life:   |
| N/a   |
| Unit Of Measure:                                      |
|   |
| Demilitarization:                                     |
| Yes - demil/mli                                       |
