Overall Length:

0.875 inches single semiconductor

Overall Diameter:

0.610 inches single semiconductor

End Application:

An/alq-13 (v) ; mrap

Internal Configuration:

Junction contact single semiconductor

Features Provided:

Hermetically sealed case

Semiconductor Material:

Silicon single semiconductor

Special Features:

Matche pair per package; junction pattern arrangement: npn

Terminal Type And Quantity:

3 banana plug single semiconductor

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A110a0
