**General Description:**

1output voltage p10.0 v min, output current p10.0 ma min, input voltage porm 10.0 v peak, input impedance 8300 ohms, operating temperature range m25.0 to p85.0 degrees c, 1.510 in. Maximum square, 0.410 in. Maximum body height, nine pin type terminals on bottom

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
