## NSN 5961-01-066-3723

Semiconductor Device Rectifier - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5961-01-066-3723

Overall Length:
0.600 inches
Overall Height:
2.500 inches
Overall Width:
0.600 inches
Circuit Connection Style Designator:
Bridge 1 phase
Mounting Method:
Unthreaded hole
Special Features:
Grounded terminal not included; encased; 420 volts rms and 6 amps dc; mounting hole for no. 6 screw
Material:
Silicon
Terminal Type And Quantity:
4 wire lead
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A503h0
