**Overall Length:**

0.600 inches

**Overall Height:**

0.200 inches

**Overall Width:**

0.600 inches

**Circuit Connection Style Designator:**

Ring 1 phase

**Absolute Maximum Voltage Rating In Volts Per Characteristic:**

600.0 working peak reverse voltage

**Absolute Maximum Current Rating Per Characteristic:**

8.00 amperes peak forward surge current

**Mounting Method:**

Bolt

**Material:**

Silicon

**Terminal Type And Quantity:**

4 wire lead

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A503h0
