Overall Length:

0.600 inches

Overall Height:

0.200 inches

Overall Width:

0.600 inches

Circuit Connection Style Designator:

Ring 1 phase

Absolute Maximum Voltage Rating In Volts Per Characteristic:

600.0 working peak reverse voltage

Absolute Maximum Current Rating Per Characteristic:

8.00 amperes peak forward surge current

Mounting Method:

Bolt

Material:

Silicon

Terminal Type And Quantity:

4 wire lead

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A503h0
