Overall Length:

1.125 inches

Overall Height:

0.842 inches

Overall Width:

1.125 inches

End Application:

Automated radar terminal system 3a (arts3a)

Circuit Connection Style Designator:

Bridge 1 phase

Mounting Method:

Unthreaded hole

Special Features:

Grounded terminal not included; aluminum case enclosure; one mounting hole 0.220 in dia

Material:

Silicon

Terminal Type And Quantity:

4 quick disconnect, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A503h0
