Overall Length:

5.750 inches

Overall Height:

1.750 inches

Overall Width:

2.000 inches

Major Components:

Semiconductor device, diode 14; terminal board 2; electrical connector receptacle 1

Mounting Configuration:

Four 0.250 in. Dia. Mounting holes

Special Features:

Boards to be potted inside case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T01200
