**Overall Length:**

5.750 inches

**Overall Height:**

1.750 inches

**Overall Width:**

2.000 inches

**Major Components:**

Semiconductor device, diode 14; terminal board 2; electrical connector receptacle 1

**Mounting Configuration:**

Four 0.250 in. Dia. Mounting holes

**Special Features:**

Boards to be potted inside case

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

T01200
