**Overall Length:**

1.127 inches

**Overall Height:**

0.450 inches

**Overall Width:**

1.127 inches

**Operating Temperature Range:**

-55.0/+150.0 degrees celsius

**Circuit Connection Style Designator:**

Bridge 1 phase

**Absolute Maximum Current Rating Per Characteristic:**

10.00 microamperes reverse current, dc

**Mounting Method:**

Unthreaded hole

**Material:**

Silicon

**Terminal Type And Quantity:**

4 quick disconnect, male

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A503h0
