Overall Length:

0.785 inches

Overall Height:

0.200 inches

Overall Width:

0.300 inches

Semiconductor Material:

Silicon all semiconductor

Maximum Operating Temperature Per Measurement Point:

200.0 degrees celsius junction

Special Features:

Internal junction configuration semiconductor pnp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A110a0
