Overall Length:

22.375 inches

Overall Height:

9.000 inches

Overall Width:

14.000 inches

Major Components:

Rectifier diode 5, thyristor scr 3, capacitor 1, resistor 1

Mounting Configuration:

Mounting flange along each side with three each unthreaded holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T01200
