Overall Length:

2.250 inches

Overall Width:

0.750 inches

Circuit Connection Style Designator:

Bridge 3 phase

Absolute Maximum Voltage Rating In Volts Per Characteristic:

200.0 peak inverse voltage

Mounting Method:

Unthreaded hole

Material:

Silicon

Terminal Type And Quantity:

5 quick disconnect, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503j0
