**Overall Length:**

10.625 inches

**Overall Width:**

4.750 inches

**Major Components:**

Diode 7; terminal board 1

**Criticality Code Justification:**

Zzzy

**Reference Number Differentiating Characteristics:**

Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T01200
