NSN 5961-01-178-8722

Semiconductor Device Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5961-01-178-8722

Overall Length:
10.625 inches
Overall Width:
4.750 inches
Major Components:
Diode 7; terminal board 1
Criticality Code Justification:
Zzzy
Reference Number Differentiating Characteristics:
Material will be in accordance with ships parts control center activity hx quality control, manufacturing and testing specifications
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T01200
