Overall Length:

1.120 inches

Overall Height:

0.406 inches

Overall Width:

1.120 inches

Circuit Connection Style Designator:

Bridge 1 phase

Absolute Maximum Voltage Rating In Volts Per Characteristic:

200.0 peak inverse voltage

Absolute Maximum Current Rating Per Characteristic:

150.00 amperes peak forward surge current

Mounting Method:

Unthreaded hole

Terminal Type And Quantity:

4 quick disconnect, male

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A503j0
