Inclosure Material:

Glass

Overall Length:

Between 0.680 inches and 0.720 inches

Mounting Method:

Press fit

Voltage Rating In Volts Per Characteristic:

100.0 breakdown voltage, instantaneous

Capacitance Rating In Picofarads:

0.017

Maximum Operating Temperature Per Measurement Point:

175.0 degrees celsius junction

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A110a0
